

This horizontal power unit is designed for your smaller boardroom applications with a need for your AV outlets, with the ability to flip up exposing the sockets and allowing the plugs to still be plugged in once closed.

Standard unit with a choice of 3 modules per unit.

The unit is constructed in aluminium which provides excellent strength to any work surface.

Through wiring to allow for "daisy chain" installations via interconnect leads and splitter block.

## OPTIONS

**Standard Body Colour:**

**Graphite**

Anodised black body with black brush strip.
